Workplace Management System

Northern Safety Solutions offers a web-based Health and Safety Management System for employers to manage their Occupational Health and Safety Program. Our Workplace Management System is customized and designed specifically for your workplace. Our system offers online training, document management, email notifications and much more, including access to the experts at Northern Safety Solutions. Our program is for the employer who is busy conducting business, but knows it is time to bring in a formal, effective, compliant health and safety program. The Workplace Management System will reduce frustration, stress, and increase efficiency, productivity, and your bottom line. It is a critical tool for any successful business. Interested in a demo of our Workplace Management System, we are scheduling appointments, give us a call.

Northern Safety Solutions, your trusted health and safety provider for over 16 years!!!

Northern Safety Solutions offers Workplace Safety Compliance Audits and Walk Throughs, complete with a report of recommendations for compliance.
